

EWU wins award at Digital World 2017

East West University (EWU) won the Digital World 2017 award for its contribution to the information and technology sectors in 2017. EWU is the only private university to have won this award from the educational sector. Prof. Dr. Mozammel Huq Azad Khan, Dean, Faculty of Sciences and Engineering, EWU received the award at the Bangabandhu International Conference Center in the Digital World 2017 closing ceremony on December 9, 2017 on behalf of EWU. Finance Minister Abul Maal Abdul Muhith MP handed over the crest to Prof. Khan. The State Minister for Telecommunications and Information Technology, Zunaid Ahmed Palak MP presided over the function.

In recent years, East West University has increased its use of information technology. The university accepts admission applications and conducts a range of operations through online systems. The procurement system of the university is carried out by the e-tendering process. The library of EWU has more than one hundred e-books. A special software is also used by the university for coordinating the work of its various departments offices.
