

EWU holds exhibition on electro-techs

Campus Report

East West University Electronics Club (EWUEC) will organize a four day program titled 'National Electronic Project Exhibition and Competition (NEPEC-2013)' from March 24 to March 28 on its campus.

A total of 30 groups from different universities will take part in the event. It will be open to students of colleges and universities. EWUEC is organizing this event for the third time this year since 2009.

First event was organized on August 5, 2009. A total of 22 teams from eleven universities participated in that competition. The second event was organized on June 28, 2011 and a total of 24 teams from twelve universities

participated in the event.

Each participant will be awarded with a certificate and the first three winning groups will receive exclusive prizes.

There will be workshops on MATLAB, Micro-controller and other useful technologies during the event. An exhibition is also slated on the schedule.

Dr. A K Azad Chowdhury, Chairman (State Minister), University Grants Commission of Bangladesh is expected to attend as the chief guest on the closing ceremony on March 28 at 5pm at the university auditorium. Dr. Mohammed Farashuddin, President of the Board of Trustees, East West University will be also be present in the program. The details of the event can be found on ewubd.
