

MESSAGE

SPECIAL GUEST

Justice Md. Tafazzul Islam
Former Chief Justice of Bangladesh

Message

Congratulations to the graduating students, their parents, faculty members, and the university administration on this auspicious occasion of East West University's 14th Convocation.

Convocation is not only an occasion of celebration, but is also a subtle reminder to the young graduates that the time has come for them to serve the society that has nurtured them. They must now make an earnest effort to transfer into reality all the knowledge they have acquired since their primary years.

I have observed that within a period of eighteen years, East West University has created a name for itself in the field of higher education in Bangladesh. It has prepared our youth to shoulder increasing responsibility of a complex modern world. I am sure the graduates today will contribute towards making a Bangladesh that is prosperous and happy, where justice and fairplay rule supreme.

I once again extend my best wishes to the graduates. May they shine in the career path they chose.

(Justice Md. Tafazzul Islam)
