Dr. Tanbir Ahmed Chowdhury
Associate Professor
Department of Business Administration
East West University

Dear Sir

Here this report titled “ **An Overview of The Hongkong and Shanghai Banking Corporation Limited**” which you asked to conduct last 12 September 2002 as part of the internship requirement.

As you will see, my report conducted methodically analysis of different operations of different departments and products of HSBC faced and figured out the cost-effective ways to overcome the problems. As one of the main objectives of internship is to gather job experiences, I have tried to put some of the experiences that I have learned from my internship in this report.

I, really appreciate to get such insightful project on HSBC Bank. It gave me hands on experience of how the Bank can be improved to get more loyal and satisfied customers in the long run. I am looking forward to enjoy the rest of the period assigned to me for this internship program.

Thank you for your consideration.

Yours sincerely

Executive Summary:

The HSBC Group is one of the world's largest banking and financial services organizations and comprises some 7,000 offices in 81 countries and territories, serving over 30 million customers worldwide.

The HSBC Bank has been serving customers in Bangladesh since 1996 and has three offices in Dhaka and one in Chittagong offering customers a wide range of personal financial services and products designed of personal financial services and products designed to take care of their growing needs and requirements.

Customer services representatives are committed to providing customers with excellent customer service in Personal Financial Services. It is important to understand the customer's needs and helping them out with improved service. So customer feedback or to know about their satisfaction level is the key to success.

Other departments like Trade Services, Corporate Credit, Treasury, Human Resources also play a very vital role in the bank. Corporate Banking is the major banking sector of HSBC bank. And in the conclusion the findings from the difference with other banks may lead with profitable opportunities if the analysis is done properly. I tried to evaluate and analyze those areas.

Chapter-1

Introduction:

1.1) A Brief History of HSBC:

The HSBC Group is one of the world's largest banking and financial services organizations, with major personal, corporate and investment banking and insurance businesses operating in Europe, the Asia - Pacific region, the Americas, the Middle East and Africa.

Head office- HSBC Holdings plc is incorporated in England, with its head office in London.

International brand- A key part of the Group's business strategy announced in 1998, is the creation of a global brand featuring the HSBC name and hexagon symbol. The symbol is now a familiar sight around the world. The Group has embarked on the next phase – making the HSBC brand universally synonymous with its core values of integrity, trust and excellent customer service.

1983 Marine Midland Bank acquires Carroll McEntee & McGinley (now HSBC Securities (USA) Inc.) a New York –based primary dealer in US government securities.

- 1986 The Hongkong and Shanghai Banking Corporation establishes Hongkong Bank of Australia Limited (now HSBC Bank Australia Limited) and acquires James Capel & Co. Limited, a leading London-based international securities company.
- 1987 The Hongkong and Shanghai Banking Corporation acquires the remaining shares of Marine Midland and a 17.9% equity interest in Midland Bank.
- 1991 HSBC Holdings is established: its shares are traded on the London and Hongkong stock exchanges.
- 1992 HSBC Holdings purchases the remaining equity in Midland Bank. HSBC Investment Bank plc is formed.
- 1993 The HSBC Group's Head office moves to London. Forward Trust Group Limited (now HSBC Asset finance (UK) Limited), a Midland subsidiary, acquires Swan national. Leasing, establishing the UK's third-largest vehicle contract hire company.
- 1994 The Hongkong and Shanghai Banking Corporation is the first bank to incorporate locally in Malaysia, forming Hongkong Bank Malaysia Berhad (now HSBC Bank Malaysia Berhad).
- 1995 Wells Fargo & Co. and HSBC establish wells Fargo HSBC Trade Bank, N.A. in California.
- 1997 HSBC and Wachovia Corporation of the United States form a non-equity alliance to market corporate financial services worldwide. Forward Trust acquires Eversholt (now HSBC Rail (UK) Limited), a rail rolling-stock leasing company and the largest owner of electric trains operating on the UK mainline network. Marine Midland Bank acquires First federal Savings and Loan Association of Rochester in New York. The Group establishes a new subsidiary in Banco HSBC Bamerindus S.A. (now HSBC Brasil S.A. Banco Multiplo), and acquires Roberts S.A. de Inversiones in Argentina (now HSBC Argentina Holdings S.A.).
- 1999 Shares in HSBC Holdings begin trading on a third stock exchange, New York. HSBC acquires Republic New York Corporation (now integrated with HSBC USA Inc.)

and its sister company Safra Republic Holdings S. A (now HSBC Republic Holdings (Luxembourg) S.a.). Midland Bank acquires a 70.03% interest in Mid - Med Bank p.l.c (now HSBC Bank Malta p.l.c.), Malta's largest commercial bank.

HSBC acquires CCF (Credit Commercial de France), one of France's largest banks. Shares in HSBC Holdings are listed on a fourth stock exchange, in Paris. HSBC acquires Chase Manhattan's branches in Panama. The Group increases its shareholding in Egyptian British Bank S.A.E. from 40% to over 90% PCIB Savings Bank in the Philippines is purchased and has been renamed HSBC savings Bank (Philippines) Inc.

2001 Agreement is reached for HSBC to acquire Barclays Bank's branches and fund management company in Greece. CCF is chosen by the French government to acquire Banque Herve, a regional bank in France. HSBC Finance (Brunei) Berhad signs an agreement to acquire IRB Finance Berhad, a finance company in Brunei.

1.2 Objectives of the Study:

The main objective of this report is to fulfill partial requirements of BBA degree program. In order to be able to obtain the BBA degree program from East West University, every student is required to do an internship program in a well-reputed organization for ten to twelve weeks, after completing all the required courses. After the internship period, each student or intern must have to submit a report about the respective organization. I have completed my internship program at HSBC Bank and this report is about this bank.

As one of the main objectives of an internship is to gather job experiences, I have tried to put some of the experiences that I have learned from my internship in this report. The specific objectives of the study are:

- I. To present an Overview of HSBC Bank.
- II. To evaluate the Operations of every department of HSBC Bank.
- III. To evaluate the Products of HSBC Bank.
- IV. To analyze different products with other banks.
- V. To analyze different operations with other banks.
- VI. To find the cost-effective manner in which the bank is profitable.

1.3 Methodology:

The project report is based mainly on secondary sources of data. Data required for the report were collected from different published reports, journals, and from the activities and queries during my internship period. Different tables and charts, and ratios of financial figures have been used to interpret the data and draw inferences therefrom.

1.3.1 Primary Sources of Data:

Many of the data and information were collected from my practical experiences and queries from the executives while doing my internship at Anchor Tower (Main Branch) of HSBC Bank. Information and data regarding products & services, interest rates & charges, banking operations, organization structure, management, and policies were collected from this source.

1.3.2 Secondary Sources of Data:

Data regarding the operations of HSBC was collected from secondary source. The following are the secondary sources of data:

- ⇒ Annual Reports of HSBC Bank.
- ⇒ Journal, brochures, newspaper articles, and related books.

1.4 Limitations of the Study:

As this report heavily concerns about the operational data of the annual reports, the unavailability of the annual report, 2002 is a major drawback of this report.

Analysis of operations always should be based on latest information.

I did my internship at Anchor Tower (Main Branch) of HSBC Bank in Customer Services Department. As the main subject matter of this project is to present an overall evaluation or overview of HSBC Bank I had the need to collect many information from other departments of the Head Office. So, it was quite difficult to me to get access of that information being working only in Customer Services Department.

Chapter-2

In regard of Personal Financial Services Standard Chartered Grindlays is the main competitor of HSBC. So in the following the differences are mainly shown between HSBC and SCG (Standard Chartered Grindlays).

Table-2.1

FCY CURRENT ACCOUNT

Product Features	HSBC	SCG
Opening Balance	USD1,000 GBP1,000	0 balance
Cheque book Delivery	2 working days after opening account	2 working days after opening
Ledger fee	N/A	USD12/GBP12 (per half year)
Minimum Relationship fee	BDT 250 per quarter	N/A

HSBC has to lower down their opening balance. Because it is one of the competitive factor. Otherwise everything is fine in all respects of this account.

Opening Balance	USD1,000 GBP1,000	USD5,000
RATE (USD)	As per Rate Sheet	As per Rate Sheet
RATE (GBP)	As per Rate Sheet	As per Rate Sheet

It is observed from the table that the requirement of opening balance is only \$1000 for HSBC. For opening same types of accounts SCG requires about \$5000. It is obvious that HSBC may attract more customers to open this account.

EXPAT ACCOUNT

- ♦ Expats can open normal BDT Current A/C
- ♦ Expats can open FCY current account
- ♦ Expats can open Convertible account if entitled to and subject to restrictions such as they can't deposit Taka in Convertible A/C
- ♦ Free ATM card is provided to access to their accounts to withdraw Taka from current accounts
- ♦ Expats can't earn interest on their BDT/FCY accounts (regulations of Bangladesh Bank)
- ♦ Expats can't get any credit facilities (Regulations of Bangladesh Bank)

□ **Savings account (maximize the wealth with daily interest)**

An HSBC savings account offers the following benefits:

- No ledger fee
- Free ATM card
- Free 24-hour phone banking
- Free personalized cheque book
- Free countrywide access to your account from any branch or ATM

In addition, the principal benefit of having an HSBC savings account is that any one will earn interest on their daily closing balance irrespective of the number of transactions and the amount of each transaction. A minimum account balance of BDT 50,000 must be maintained.

1,000001 – 50000000	-5,000											
Over 500,00000	-10,000											

It is clear that the requirement of opening balance of HSBC is lower than SCG. So it is one of the attractive features for them. The lower charge of HSBC is also a competitive factor. But it is also observed that HSBC takes more time to deliver the ATM card. It should be improved.

□ **Current account**

If any one wants more flexibility with cash, this is the account for the customers. An ATM card, a cheque book and phone banking services are provided free of charge.

7. Introducer's signature in the account opening form, on the reverse side of the Photographs & on signature cards.

□ ***Time deposit***

HSBC offer a wide range of time deposit products and interest rates are some of the most competitive in the market. Any one can open time deposits for different time periods such as one, three, six or twelve months.

Table-2.5 Time Deposit

Product Features	HSBC	SCG
Minimum Balance	BDT100,000	BDT100,000
Interest Rate	Lowest 5%, Highest 7.5%	Lowest 7.0%, Highest 8.5%
Interest cycle	Interest is paid on maturity	Interest is paid on maturity
Tenure	1/3/6/12 months	3/6/12 months
Conditions for premature encashment	No interest if withdrawn in one month and savings account interest rate of the same band if withdrawn before maturity	No interest if withdrawn in one month and sav band if withdrawn before maturity

It is reflected that the interest rate is one of the weak points of HSBC in this regard. Because where SCG offers 7% in lowest, HSBC offers only 5% in lowest. So HSBC should think in this regard.

□ **Power Vantage (For total financial control)**

Power Vantage is a unique all-in-one package of products and services designed to give you total financial control.

Fees	For HSBC bonds: BDT1,000 + stamp charge BDT170 For other banks bonds: BDT 1,500 + stamp charge BDT170	BDT2000 + Stamp BDT
-------------	--	---------------------

It is clear that fees are higher for SCG than HSBC. It is the lucrative point for HSBC. Another benefit for HSBC is that interest rate is lower than SCG. But the HSBC customers can take overdrawn facility up to 2700000 where as SCG customers can take unlimited amount. So HSBC has to look after in this regard.

□ ***Personal secured loan (a loan that offers flexibility)***

Personal Secured Loan is a fixed loan secured by your time deposit held with HSBC or Government Savings Certificates and payable in monthly instalments. The loan will provide you with the flexibility to meet any emergency cash needs you may have, so that you don't have to encash your high yield investments already purchased which could result in loss income already earned.

Loan repayment

Loan repayments can be made up to a maximum period of five years in the form of equal monthly instalments (EMIs). You can choose to repay the loan in 12, 24, 36, 48 or 60 monthly instalments. Monthly instalments will be automatically debited from personal account held with HSBC. Partial or full prepayments are also allowed.

Amount that you can get

You can borrow up to 90% of your time deposit or Government Savings Certificates value with minimum loan amount of BDT 90,000.

Interest rate

HSBC is offering the loan at a very competitive rate. In addition, any one will need to pay a nominal processing fee.

Processing Fees

1. Loan processing fee is BDT1000 plus stamp charge at actual.
2. Partial prepayment fee (at least 30% of the outstanding loan) is BDT1, 000.
3. Early loan settlement fee is BDT1000.
4. No end - loan fee.

Fees	BDT1000 + stamp charge BDT170	BDT2000 + stamp BDT170
Partial prepayment	Allowed after 3 months of loan disbursement. At least 30% of the outstanding loan amount must be paid at a time	Not allowed

Partial Prepayment fee	BDT 1,000	Not allowed
Prepayment/ early settlement	BDT1,000 (at any time)	BDT1,000 (if within 6 m otherwise free)

It is observed that maximum tenure is 36 months to repay the loan in SCG but in HSBC up to 60 months one can repay. It is a positive point for HSBC. Another major positive side is that partial prepayment is allowed in HSBC whereas in SCG it is not allowed. Partial prepayment helps to get interest payment smaller. So HSBC is in a leading way in this manner.

□ **Personal installment loan (Any purpose loan - no personal guarantee required)**

Any purpose loan - no invoices

Invoices or quotations are not required for whatever you intend to purchase.

No personal guarantee - no cash security

HSBC believe in their customers. That is why they do not require any personal guarantees or cash security to support the loan. Any one does not even have to make a down payment to take the loan.

Simple documentation

The Personal Instalment Loan from HSBC assures you of one thing - simplicity. This means completing very simple and easy documents when applying for the loan. HSBC offers a very competitive interest rate with low processing fees. In addition, if any one has an auto pay salary account with us, they will be entitled to a discounted rate.

Loan applying procedure

Any one who wants to get the loan should be 25 years of age and employed by a well-established company for 2 years with a minimum monthly income of BDT 15,000. Self-employed individuals can also apply subject to proof of income.

Amount that you can get

The loan amount ranges from BDT 50, 000 T BDT 750, 000 or maximum four times of your monthly income, whichever is lower.

Loan repayment

Loan repayments are made in the form of equal monthly instalments (EMI). The customers have the flexibility of choosing the repayment period (12, 24 or 36 instalments). The monthly instalments can be automatically debited from their personal account held with HSBC. Partial prepayment and prepayment is also allowed.

Partial Prepayment fee	BDT1,000	N/A	N/A
Guarantee	No Personal Guarantee Required	2 Personal Guarantee Required	Personal Guarantee

It is clear from the table that HSBC offers the maximum limit of personal loan than SCG or Prime Bank. And also in regard of tenure, interest rate and guarantee HSBC is in a good position. But they have to revise the loan processing fees.

□ **Car Loan (Drive a good bargain before you drive a good car)**

No personal guarantee- no cash security

One of most cherished desires of the customers has been to own a car. In realizing that dream, the most difficult part the customer encountered was arranging the funding. They approached banks and financial companies. They wanted guarantees and securities against the loan, and their dream could not be realized. Now with the Car Loan from HSBC, any one can overcome these obstacles and realize the dream.

Competitive interest rate

There are no hidden costs with low processing fees. Interest is charged at a competitive rate. If you have an auto pay salary account with us, you will be entitled to certain discounts.

Loan applying procedure

Any one who wants to get the loan should be at least 25 years of age and employed by a well - established company with a minimum monthly income of BDT 20, 000 and two years of service. Self - employed individuals can also apply subject to proof of income.

Amount that you can get

The scheme covers loans ranging from BDT50,000 to BDT2,000,000. The loan amount is up to a maximum 70% of reconditioned car values and 60% of new car values. The loan does not cover registration, insurance and other costs.

Loan repayment

Loan repayments are made in the form of equal monthly instalments (FMI). Customers have the flexibility of choosing repayment period (12, 24, 36 or 48 instalments). Your monthly instalment will be automatically debited from their personal account held with HSBC. Partial prepayment and prepayment is also allowed

It is reflected that in respect of minimum, maximum, or tenure HSBC is in a leading position than SCG or Prime Bank. But SCG has variation in interest rates. Customers may choose car loan from them because of the interest rate. So HSBC has to restructure their interest rates.

A comparison of the rates is shown below:(Within HSBC)

- **Auto Pay Service (Freedom from routine payments and collections at the touch of a button)**

With one touch of a button, HSBC's auto pay service saves you from writing hundreds of cheques to vendors or employees every month.

Reason for Choosing HSBC

HSBC is the market leader in the local auto Pay service. Any company can initiate bulk Taka payments to or Taka collections from any HSBC current or savings accounts of counterparts (e.g. company' employees, customers or vendors) for a specified sum at a specified date, regardless of the branch.

HSBC's auto Pay service

Any company can benefit from using auto Pay in these ways:

Save time and money

- auto Pay is an effective and low-cost service for handling high volumes of regular low-valued but non-time critical electronic payments/collections.
- advance instructions for 'on-time' payments/collections will be activated automatically by HSBC on the specified 'value-dates'.
- avoid repetition of manual work and minimize administration costs and time spent at banking counters.
- eliminate the risks associated with regular deliveries of cash or cheques.

Easy record cross-checking and a convenient reference for tax preparation

- at your request, the Bank provides you with computer-generated reports of auto Pay transactions

Simple, secure and flexible

- prepare bulk payments/collections easily.
- ensure data confidentiality .
- change transaction details without any additional charge.

Auto Pay also benefits company's counterparts (those whose bank accounts will be debited/credited according to their instructions) in these ways:

Company's counterparts authorize HSBC to debit their accounts for their credit (e.g. to settle their monthly bills with them)

- due dates are not forgotten.
- the need to issue cheques or queue up to pay bills is eliminated.
- transactions are recorded in account statement.

Your company instructs HSBC to credit the accounts of your counterparts by debiting its account (e.g. to pay salaries)

- employees have their salaries paid into their accounts, eliminating the need to deposit cheques and saving time.

A choice of input media for auto Pay transactions

Auto Pay MRI (machine-readable)

You can submit auto Pay instructions to HSBC's auto Pay Centre on encrypted floppy disks (Spread sheet file) for processing. Your back office system can also interface with our software - free of charge.

Electronic auto pay (batch payment) via Hexagon

You can also make automatic payments/collections electronically without having to visit the Bank through Hexagon, HSBC's proprietary electronic banking delivery system.

Paper lists

You can even submit your auto Pay instructions in the form of paper lists, but these will be charged.

If a company has an auto Pay salary disbursement, then they can enjoy another facility, CEPS.

□ **Corporate employee privilege scheme (CEPS)**

The Corporate Employee Privilege Scheme (CEPS) is a unique and exclusive package of personal financial products and services offered to employees of selected companies. CEPS will provide staff with easy and quick access to HSBC's wide range of personal loan products and enjoy special rates which otherwise would have been hard to obtain. To enjoy the benefits of CEPS, the company needs to have an auto pay salary disbursement, which can be easily arranged with HSBC and is free of charge.

▪ **Home Loan**

HSBC Bangladesh has designed a Home Loan package for resident Bangladeshis to enable them to purchase a ready-for-occupation home. Financing will exclusively be for completed owner occupied residential flats/apartments only. Second hand properties will be financed on a case-to-case basis. Financing will include immovable fixtures and fittings which are part of the property and will not include movable furniture and decorative items.

Who can apply?

All Bangladesh nationals who are permanently resident within Dhaka or Chittagong.

Employed by a well-established company for 2 years. If less than 2 years in current job, previous employment record will be considered.

A minimum monthly income of BDT 40,000. Spouses may club their incomes together and apply as joint applicants. Self-employed individuals can also apply subject to proof of income.

Minimum age of applicant - 25 Years

Maximum Age of applicant - 50 Years

(Loan will be scheduled to be repaid prior to borrower reaching 57 years of age or retirement date whichever is earlier).

Basic Steps

Pre approval

The following documents will be required to assess the applicant's eligibility for a Home Loan:

- Completed application form including terms and conditions duly filled up and signed.
- Letter of Introduction from employer with employer's official letterhead.
- Income Tax return for the past year, salary slips, bank statements over the last 6 months etc.

Post approval

1. Valuation of property carried out by Bank's surveyors as per Developer's quotation.
2. Property documentation vetted through Bank's lawyers.
3. After satisfactory valuation and vetting (*see note below) offer letter issued by Bank to Developer confirming payment of funds directly to the Developer at the time of registration.
4. The following security documentation will be required to be completed:
 - Demand Promissory Note
 - Letter of Continuity
 - Letter of set-off
 - Letter of Undertaking by the borrower
 - Letter of Agreement
 - Property insurance covering fire, flood, cyclone, and earthquake.
 - Letter of Lien from the borrower to the Builder/Developer and duly accepted by the Builder/Developer, agreeing to create a legal mortgage on the property conferring all rights over the property in favour of the Bank.
 - Letter of Lien from the Builder/Developer to the Bank confirming that they have been notified about the loan being granted to the borrower, that the property is free from all encumbrances, and that the property will not be sold or alienated in any way without the Bank's concurrence.
 - Irrevocable General Power of Attorney
 - Deed of Mortgage
5. Registration of the property in the individual name of the borrower (collective registration not permitted). Legal mortgage taken on the property. Payment made to developer via a cashier's order at the time of registration of the property at the registry office.
6. Certified true copy of Title Deed and acknowledgement copy of registration lodged as security with the Bank.

7. Original Title Deed lodged as security with Bank once issued (approximately one year later).

Loan amount and repayment

A maximum loan amount of 70% of the total value of the apartment or valuation amount whichever is lower, costing up to BDT 5,000,000 and 60% of the total value of the apartment or valuation amount whichever is lower, for apartments over BDT 5,000,000. For those properties valued at more than BDT 5,000,000 we shall fund up to 70% of BDT 5,000,000 until 60% of value exceeds BDT 3,500,000. The total value is inclusive of the registration cost.

Loan repayments are made in the form of equal monthly instalments (EMI). Flexibility of choosing repayment period up to 180 months. Monthly instalment can be automatically debited from personal account held with HSBC. Partial prepayment and prepayment allowed.

Customer Benefits

- A lower interest rate of 15%.
- A special discounted interest rate of 14.5% to Corporate Employee Privilege Scheme (CEPS) customers.
- Interest is calculated on a monthly reducing balance offering a lower monthly repayment amount, opposed to an annual reducing balance method calculated by competitor financiers.
- The total value of the loan covers the registration cost.
- Minimum loan of BDT 750,000 and maximum loan amount up to BDT 10,000,000.
- Flexible repayments up to 15 years.
- Partial prepayment and prepayment allowed.
- A legal mortgage is taken on the property providing greater security to the borrower.

A competitor comparison of the HSBC Home Loan with that of the leading housing finance company for a loan of BDT 1,000,000 is as follows (figures are meant for indication purposes only):

Table: 2.11 Net Savings

Loan Period	EMI (HSBC) BDT	EMI (competitor) BDT	Total amount paid (HSBC) BDT	Total amount paid (competitor) BDT	Net savings with HSBC's Home Loan BDT
15 years	13,996	14,780	2,519,280	2,660,400	141,120
12 years	15,009	15,870	2,161,296	2,285,280	123,984
10 years	16,133	17,090	1,935,960	2,050,800	114,840
7 years	19,297	20,490	1,620,948	1,721,160	100,212
5 years	23,790	25,310	1,427,400	1,518,600	91,200

Note: HSBC's interest is calculated on a monthly reducing balance @ 15%.

(Competitors or other institutions are: Delta Brac Housing, National Housing Finance and Investment Limited etc.)

It is clear from the table that the customers who will take home loan from HSBC they will save a handsome amount of money than others like Delta Brac Housing etc. So with 15% interest rate and monthly reducing balance method EMI instalments saves money of the HSBC home loan customers and it is a major positive factor.

Comparison of effective interest rates between HSBC and some other institutions offering home loans calculated under the Annual and Monthly Reducing Method

Table2.12 Effective Annual Reducing Balance interest rates

Tenor	HSBC %	OTHER INSTITUTIONS %	Savings with HSBC %
5 years	13.07	15.75	2.68
10 years	14.24	15.75	1.51
15 years	14.64	15.75	1.11

It is clear that in respect of interest rate HSBC also offers a competitive Annual Reducing Balance interest rate. Customers who will take home loan will gain benefit giving lower interests.

For example a customer can save 2.68% interests on a five-year period over Delta Brac Housing, National Housing Finance and Investment Limited etc. So it is a positive gain for the customers.

Table-2.13 Effective Monthly Reducing Balance interest rates

Tenor	HSBC %	OTHER INSTITUTIONS %	Savings with HSBC %
5 years	15.00	17.68	2.68
10 years	15.00	16.51	1.51
15 years	15.00	16.11	1.11

Effectively HSBC's loans are around 2.68% cheaper over 5 years and 1.11% cheaper over 15 years on a monthly reducing balance.

Bank fees:

- Loan processing fee is 2% of the loan amount or BDT 20,000 whichever is higher.
- Subject to the approval of the customer's application a non-refundable fee of BDT 15,000 will be charged for the valuation of the property, legal vetting of the documents, and obtaining of title deed documentation (*see note below). This will be included in the loan-processing fee.
- Early loan settlement fee is 2% of the outstanding amount or BDT 20,000 whichever is higher.
- No end loan fee.

Note: Other fees (indicative)

Legal: Documentation vetting, preparation: Between BDT 5,000 to BDT 10,000

Property search: BDT 5,000

Obtaining of property registration and title deed from registry office: BDT 5,000

Credit Cards

Introduction

HSBC is going to come up with credit cards. Before enter into market they have done an analysis. In the following the analysis has been shown to compare with other institutions.

HSBC BANGLADESH SITUATION ANALYSIS

- HSBC has been in Bangladesh for the last 5 years.
- PFS aggressively started launching products for the last 3 years.
- Good range of loan products.
- Very good delinquency rate.
- Good reputation in terms service standards in the market.
- Too expensive to set up CC dept. locally, best option is to co brand with other local issuers.
- Defensive strategy – completing our product range and reducing our attrition rates.
- Although we expect to acquire some customer base and give them branded CC to maintain loyalty.
- Our main competitor is SCG – 70% market share.
- More foreign banks like AMEX and CITI are likely to introduce cards within the next 3 years.
- Income to come from annual card fees and a portion of Merchants income.
- Looked at 3 banks for co-branding, the best of the three is Prime bank – Local commercial bank.

INDUSTRY ANALYSIS

- Credit Cards in Bangladesh still in their infancy
- Only 5 yrs. Since Credit Cards has been launched in Bangladesh
- Status symbol
- Few local banks offering similar products
- One other foreign bank – SCG – with 70% of the market share.
- Income depends heavily on fee income as opposed to interest income.
- Not much in terms of loyalty programs
- HSBC has explored the opportunity with other issuers – Vanik, national, and Prime

Vanik

- Do not give Master/ Visa card
- Financials are weak.
- Questions of ownership after tying up with Sampath and Chinkara bank.

Nationalized Banks

- Low service standard
- Weak financials
- Overall reputation of the bank is average
- State run bank
- Least interested in tying up with us
- Standards not up to mark.

Prime Bank

- More interested in us
- Good reputation in terms of service as private local bank.
- Good back up system.
- Willing to take the credit.
- Low delinquency rates.
- Issuers of master Card and Visa.
- More adaptable to changes in technology.
- Best financials from the above two.
 - Posted operation profit of USD 10.23 mil (year 2000)
 - Capital funds of USD 16.78 mil (year 2000)
- Standard credit operations in Nov 99
- Started acquiring business in early 2001
- Card basis is approx. 10K customers
- Merchant base is 200 outlets

Findings

- Want to retain our customers from going to SCG

- Increase share of wallet
- Plan to set up a 3/5-year co-branding agreement with Prime Bank (Master Card).
- Give our customers a brand loyalty along with existing products.
- Issue only Gold cards (Status symbol)
- Card design to comply with group card design guidelines, PB logo only on the back
- PB will incur most cost associated with acquisition, marketing ad advertising.

PROCESSING

Prime Bank will provide full range of services including:

- New account application processing- PB will advise HSBC of all declined application. HSBC may request special approvals with a standard guarantee.
- Issue and reissue HSBC Gold cards and PINs (on request)
- Undertake full range of customer services and account maintenances, including lost/ stolen card replacement and customer enquiries.
- Auto-pay facilities to be used for repayments.
- Issue monthly and duplicate statements as required.
- PB will own all receivables and manage all credit control and debt recovery functions.
- Fraud and Bad Debts will be on the account of PB for all cards.
- PB will not mail marketing materials which conflict with HSBC's interests or products, details of the rules will be included in the partnership agreement.
- Card design will be an HSBC Credit Card with the PB logo appearing on the back.

HR and HSBC in the Community:

5.1 Training and Development:

At HSBC, we believe our primary competitive advantage comes from our employees. It is their ability to provide a superior customer experience to our customers, that sets us apart from other financial services companies. In the ever-changing financial services industry, all of us must continuously upgrade our skills and knowledge in order to maintain this competitive advantage.

Our goal is to attract, retain and motivate the very best, and to do that we support training, development, and business education through the following:

- **Internal Training Programmes**

Seminars, workshops and locally tailor made training on a variety of topics are offered directly by HSBC Training and Development Department at our training centre located at Motijheel.

- **External Courses**

Job related courses, seminars, workshops and conferences developed and presented at HSBC Offices in Asia and also at Group Training and Management Development Centre at Bricketwood, UK.

- **Distance Learning**

Web-based and multimedia self-study programmes available through our Intranet and multimedia Learning Centres located in our HSBC offices.

- **Resident Management Trainee Programme (RMT Programme)**

The Resident Management Trainee programme (RMT) aims to select a group of high potential executive trainees and provide them training and development opportunities. The RMT programme gives potential executives effective and systematic training to acquire an excellent understanding of the commercial operations and business functions.

The RMT programme ensures that successful applicants, with the right training, will have the ability and potential to reach the highest level of management within HSBC Bangladesh, and possibly beyond.

5.2 Offering Competitive Benefit Packages:

HSBC continually evaluates and reviews its employee benefits to ensure that benefits are competitive and in line with our employees needs. Employee benefits include:

- Market competitive remuneration package and annual cash bonuses.
- Health plan and routine medical allowance including optical and dental treatment.

- Short and long-term disability coverage, as well as life insurance.
- Paid leave for marriage, maternity, sickness and vacation.
- Staff banking privileges, including special interest rates for car loans, sundry loans and home loans.
- An active Sports and Social Club.
- Development opportunities and career support.
- Retirement benefits.

Chapter-6

Recommendation:

- HSBC has to lower down their opening balance to open accounts for RFCD accounts. Because it is one of the competitive factor.
- The weak side of HSBC is delivery time of the ATM card. It should be improved.
 - In regard of time deposit, the interest rate is one of the weak points of HSBC. Because where SCG offers 7% in lowest, HSBC offers only 5% in lowest. So HSBC should think in this regard.
 - SCG has variation in interest rates offering car loans. Customers may choose car loan from them because of the interest rate. So HSBC has to restructure their interest rates.

- To become the market leader HSBC has to analyze the overall banking procedure carefully and then they have to take the corrective measures.

Chapter-7

Conclusion:

Banking is a financial intermediation process. Banks take deposits at a cost and lends at a higher rate to cover its operational expenses and make some profit. In this process, if loans are stuck-up, the entire process endangered. So banks are in the business of managing risks.

The major part of HSBC is the personal services and the corporate banking. So they have to be aware always according to the market condition. Because SCG is their main competitor. As customers are the first priority HSBC has to organize them like what the majority customers want.
