

East West University hosts 'National Robo Fest 2024'

East West University (EWU) concluded its highly anticipated National Robo Fest 2024, a three-day festival that showcased the ingenuity and passion of young tech enthusiasts from across Bangladesh.

Over 2,000 students from 85 educational institutions, organized into 526 teams, participated in a diverse range of events, according to a press statement.

The festival, held from November 7th to 9th 2024 at East West University Campus in Aftabnagar, Dhaka, featured a captivating lineup of competitions, including Programming Hero Presents National Hackathon, National Science and IT Olympiad, Project Showcase, Robot Exhibition, Capture the Flag, Case Solving, Round Table Discussion on 'Sustainable AI 5.0 in Industry'.

In addition to these intellectual challenges, the festival offered exciting gaming sessions, such as Sports Rivals, Line Follow Robo Challenge, and Robo Soccer providing participants with an opportunity to have fun and learn.

Distinguished guests, including Professor Dr. Mohammed Farashuddin, Chief Adviser, EWU, Dr. Khalilur Rahman, Member, Board of Trustees, EWU, Professor Dr. M. Ashik Mosaddik, Pro Vice-Chancellor, EWU, A Y M Mostafa, Chief Technology Officer and Senior Executive Vice President of Prime Bank, and Professor Dr. Ahmed Wasif Reza, Adviser of East West University Robotics Club, graced the event with their presence.

In their addresses, the guests emphasized the importance of preparing for the upcoming fifth industrial revolution.

They expressed their optimism that the university's robotics competition would play a crucial role in nurturing the next generation of innovators and leaders who will shape the future of technology in Bangladesh.
